Craig Earnshaw	Head Ground Keeper

Apologies

Matters arising / Outstanding from previous meetings

ITEM

Discussion

Follow up / Action

Crown Golf report	The number of members is currently staying the same with some losses and similar number of recruits. CG are about to go into a fairly aggressive recruiting drive with the 15 months for the price of 12. Recent statistic on the use of the course shows that only 20% of golfers on the woodland are non members showing CG's commitment to a mainly members golf club. RP following up on the lockers in men's changing room has informed all that the lockers will be opened and all items will be held for one month. Some members have requested to have a regular locker and RP has a list of those. With those lockers and some staff lockers the rest will be kept as day lockers.	
Craig's report	Course still in good condition the scarifying of the greens has resulted in improvement and this has settled down well, work on the village still to take place. The new machinery is now having some effect on the tees and making things easier for training of staff. The flailing of the rough has now started and the key areas are being done not once but twice to ensure that the weeds can be lifted where possible. The irrigation of the greens & tees will be reduced until closed down for the winter. The posts marking ditches etc. are being replaced and when set in place they will be painted. Discussion on the path down from the 13 th , any repairs that are done will be washed out at the first sign of rain. CG to be informed of the risks.	
AOB	The club diary is now nearly at the finish stage and when some final items are tidied up this will be presented to RP. Toilet needs to be looked at as the water for hand washing is not working well and the door opens on occasions.	

DONM: Monday 12th October 15:00

Course Walk Thursday 15th October 12:00
Staff v Committee Thursday 12th November.
