|      | <p>This meeting has been called because there were questions regarding the Anniversary event on the 31<sup>st</sup> October. Graham Rose was invited as he had been involved in all of the arrangements for this event. The question were related to the type of band and the noise levels on the night, the costs of this event are greater than normal and the Social Committee have asked that the main committee to support this event. The format of the night has been explained in the item on the web site. The band had been chosen because of the variety that they could produce and the party atmosphere that we are trying to create. As far as the noise levels, this has been discussed with the band leader and they have assured us that they will be controlled by the acoustics of the room and the levels will be held to ensure that they are within reasonable levels. The 1<sup>st</sup> set will be of Glenn Millar type music similar to the 40's night which was so enjoyed and will be relatively quiet. The 2<sup>nd</sup> set will be rat pack music which is Frank Sinatra, Dean Martin, Sammy Davis Junior etc. which are mainly crooners and will allow for people to get up and dance to this type of music. The 3<sup>rd</sup> set will be more up tempo with newer dance music to allow people to dance. There have been good support for this already with quite a few tickets being sold and GR has contacted past Captains and obtained a good response from them. GR intends to E mail as many in the club as possible to encourage the sale of tickets as early as possible. There are no restrictions on who attends but it will be on a first come first serve basis as we are restricted to 120 by the room size. Crown Golf have agreed to pay for the decorations on the night. All members asked any more questions and it was then put to the vote. All agreed that we should go ahead with this event and that they would be happy for funds to be made available to support this event. TH will provide a detailed budget for the treasurer.</p> |                    |
